Date: _____

TO: _____ COMPANY: _____

FROM: _____

Because Bindicator is an ISO 9001 Registered Company we must have an approved application data sheet or a waiver on file for all continuous products ordered. This requirement assures the level controls purchased meet your expectations.

The following waiver is required when our customer's are completely satisfied with the performance of previously purchased continuous products or for those who do not want to complete an application data sheet.

NOTE: Your purchase order will not be released to our manufacturing teams until we receive either a completed waiver or application data sheet.

APPLICATION DATA SHEET WAIVER

I _____ representing _____
(print your name) *(print company name)*

do not wish to complete an application data sheet for my purchase order number _____ .

Since I do not wish to complete the application data sheet as requested by BINDICATOR, I will be responsible for any mis-application of the level control ordered. I do not want BINDICATOR to verify my selection of level controls. BINDICATOR, as always, will be responsible for quality and workmanship.
